NO.	Name	Image Reference			
			13	Pearl Dispenser	
1	Diaphragm Pump Cold Spray Marking Machine		14	Hydraulic Single-Cylinder Hot Melt Reactor	
2	Electric cold spray road marking machine		15	Hydraulic dual-cylinder diesel-gas dual-purpose hot-melting reactor	
3	Hydraulic Plunger Cold Spray Marking Machine		16	Hydraulic dual-cylinder liquefied petroleum gas (LPG) hot-melting reactor	
4	Hydraulic Plunger Dual-Pump Four-Barrel Cold Spray Alignment Machine		17	2-6 ton customized reactor	
5	Two-component road marking machine (external mixing type)		18	Automatic Temperature-Controlled Reactor	
6	Two-component road marking machine (internal mixing type)		19	Road marking removal machine	
7	Self-propelled two-component extrusion-based dot marking machine		20	Road Marking Machine for Bicycles	
8	Self-propelled two-component brush-and-sanding integrated machine		21	Mobile Road Marking Machine (Scraping Application)	
9	Hand-pushed hot-melt marking machine		22	Conveyor-type hot-melt extrusion marking machine	
10	Self-propelled hot-melt marking machine		23	On-board ambient temperature road marking machine	
11	Convex-line oscillating hot-melt marking machine		24	Upper mounting	
12	Marking hopper		25	three-wheeler	

Your Brand, Your Solution.

Custom Color | Logo | OEM/ODM | Functions | Design

Factory Direct Price • Professional Service • Global Partnership Opportunities

Premium Performance Without the Premium Price.

Offering the same quality and full functionality as leading brands like Graco, Hofmann, and BORUM

— with a much more competitive factory-direct price.
